Victoria Narachiti, Ph.D.  Hemben Terseer, DM
A Message From The Chair

It is with great pleasure, I want to welcome presenters, organizing committee members, reviewers and session chairs to our first conference dealing with global education issues. This conference is designed to serve as an important meeting for the discussion and exchange of ideas and information to enhance understanding, appreciation, and cooperation among diverse groups of professionals. The sessions and the papers deal with opportunities and challenges faced by leaders and educators in the new global environment.

This document contains abstracts in several important subject areas of education. The collection abstracts exhibit an excellent selection of quality submissions. The authors are from various organizations located in different parts of the world.

I want to extend my sincere thanks to conference organizers and participants for their support.

Raj K. Singh, Ph.D.
Conference Chair
